Upon finding a suspect plant or animal:

1. **Collect**
   - Collect a specimen in plastic bag in lake water and keep it at your house or take photo of specimen. *Note: If you find a zebra mussel, leave it where it is.*

2. **Record**
   - Document exact location (GPS point if possible), date, time

3. **Report**
   - Christine Jurek, DNR AIS Specialist christine.jurek@state.mn.us (320) 223-7847 or emelia.hauck-jacobs@state.mn.us (320) 223-7855
   - And to at least one of the below:
     - Dan Cibulka, Sherburne SWCD dcibulka@sherburneswcd.org (763) 220-3434 x 103
     - Report to your lake association
     - See: https://sherburnecola.org/members to contact your delegate
